VINTAGE NOTES

The 2018 vintage saw an almost ideal balance of vine health and stress, as is often the case with the first dry year after a very wet one. The rain came late, delaying the onset of budbreak and the beginning of the growing season. The cool weather continued most of the year, punctuated by a six-week heat wave in July and early August. Temperatures moderated before picking began and harvest proceeded under slightly cooler than normal conditions, producing fruit with intense flavors and balanced acidity.
