PASO ROBLES
CALIFORNIA

TASTING NOTES

The color is a beautiful crimson red and the nose is full of red fruit, spice, and minerals. The mouthfeel is medium-full with flavors of strawberry and minerals that are accented by chalky tannins and decent acidity. Drink now through 2024.

VINTAGE NOTES

One of the rare vintages where the weather cooperated and we were able to harvest all of the fruit when we wanted to instead of being pressured by impending adverse weather. Tremendous wine quality across all of the wines with very few problematic fermentations. Chemistry (pH, TA, sugars) were consistently in the proper ranges and the resulting wines are very ageable with excellent tannin structure.
